Mohamed Elhayyany

Technical Customer Success Manager

I keep customers, grow revenue, and automate what slows both down.

■ PROFILE

Results-driven Customer Success professional managing **100+ accounts** across onboarding, technical support, retention, and expansion. Drove a **15% revenue increase in two months** through targeted outreach and account growth. Closed **50+ sales** via full-cycle prospecting. Builds production automations (WhatsApp, email, Meta Conversions API) that eliminate manual work for clients. Founded a DTC brand and scaled it to **250+ units in 90 days**. Fluent in Arabic, English, and French.

■ KEY RESULTS

15% revenue growth in 2 months	100+ accounts managed
50+ sales closed	250+ products sold in 90 days

■ EXPERIENCE

- Technical Customer Success Manager

SafeApps (eGrow) — SaaS Platform — Marrakech

2025 – Present

 - Grew company revenue **15% in two months** by identifying expansion opportunities and executing targeted outreach campaigns.
 - Own full lifecycle of **100+ accounts**: onboarding, adoption, troubleshooting, QBRs, and renewal — directly reducing churn.
 - Close **50+ net-new deals** through lead sourcing, qualification, structured cold outreach, and conversion to long-term subscriptions.
 - Ship production automations: WhatsApp order confirmations, delivery tracking, email flows, and **Meta Conversions API** integrations that lift ROAS.
 - Produce video content and tutorials that drive acquisition and reduce support volume.
- Founder & Operator

Postry — DTC Wall Art Brand — Marrakech

Jan 2026 – Present

 - Built a DTC print brand end to end: Shopify storefront, pricing, tiered bundles, and product photography.
 - Sold **250+ prints in 90 days**, reaching monthly profitability with zero outside funding.
 - Acquired B2B clients including **Experience Morocco**, plus commissions from artists and creators.
- Content Moderator & Team Lead

Majorel Outsourcing — Marrakech

2022 – 2024

 - Maintained **98% accuracy** reviewing 500+ posts and ads daily across multiple content categories.
 - Trained new moderators, cutting ramp-up time and lifting team throughput.
 - Escalated high-risk cases under SLA and analysed data to drive process improvements.
- Customer Service Advisor

Terrain 360 — Marrakech

2021 – 2022

 - Resolved inbound issues with a focus on de-escalation and first-contact resolution.
- Graphic Designer (Freelance)

Webhelp Agency — Marrakech

2021 – 2022

 - Delivered visual assets across industries, managing client briefs independently.
